

Conference Quickfire

business games

Sensational teambuilding experience guaranteed to appeal to every delegate, while generating a sense of energy, urgency and competitive spirit.

This event allows the participants to dictate both the content and the running order, while provoking a highly contagious outbreak of positive energy and team spirit.

Guided by Challenge Menus, teams pit their wits and ingenuity against a mind-boggling collection of creative, mental and active tasks. The aim is to out-manoeuvre and out-perform the opposition while maximising points.

Each team is based at their own Team Table, whilst the event is orchestrated from the Control Desks situated around the room. Challenges will be located both indoors and out, making the most of the venue and local environment.

Good strategy and team organisation are essential in order to keep pace with the frenetic action and produce an effective team performance, especially when you're trying to tackle several different challenges all at the same time!

The pace of the action builds steadily throughout the event, from a whisper to a scream, reaching fever pitch towards the end as points are added up to find the overall winner.

Specially devised themes will pick up on the main issues of your conference, giving clear purpose to the event and greater impact to the key messages you wish to deliver.

Conference Quickfire is an event that creates quite an extraordinary atmosphere and being driven entirely by the participants, it is a sure fire way to get everyone involved.
